"Let's Keep Our Dads Alive!"

JUNE 17, 2017

www.menshealthseminar.com

GARDEN CITY HOTEL
Garden City, LI, NY

Eat. Drink. Learn.

One in six men will be diagnosed with prostate cancer in their lifetime. Many others will be debilitated by stress and physical inactivity. With such wide-spread prevalence of preventable conditions, it is no wonder that many people have questions.

This June, Dr. Aaron E. Katz invites you and your loved ones to learn more by attending the 2017 Men's Health Seminar. This event will be held at the Garden City Hotel, in Garden City, Long Island, NY.

Attendees will partake in informative sessions addressing the conditions of prostate cancer, prevention of heart disease, stroke and cancer, sexual dysfunction, and learn about the benefits of good nutrition. Seminar attendees will then be encouraged to engage in interactive "Ask the Doctor" sessions. Refreshments will be provided in the form of continental breakfast, lunch, and coffee breaks.

Who. What. When. Where.
